<b>Subject and Vendor</b>	<b>PUBLIC SPEAKING WITH GRASSHOPPER ENRICHMENT</b>
<b>SESSION 2 CLASS</b>	
<b>Class name:</b>	Speak Easy
<b>Class description:</b>	Public Speaking is the number one fear among adults. Why not conquer that fear as a child when inhibitions are low and learning new skills comes naturally? Our children will be required to make presentations and command an audience as soon as junior high. As they go through higher levels of education presentation skills become the key to success. Through engaging interactive games and fun activities, students will learn to get past their fear, embrace their audience, write and deliver an effective speech, and improvise. <b>This class is empowering and FUN!</b> Class will culminate with a speech presentation for family and friends.

<b>Subject and Vendor:</b>	<b>PIANO KEYBOARD CLUB WITH MUSICAL MINDS</b>
<b>SESSION 1 CLASS</b>	
<b>Class name:</b>	The Piano Keyboard Club Fall 2019
<b>Class description:</b>	<p>Kids will have the opportunity to learn to play their favorite songs and music on electric keyboards. Radio hits, movie and television themes are made so easy, that our participants will be playing them after the very first class! The club is a combination of keyboard piano lessons and a music learning workshop, which uses a clever visual method to teach the basics of music reading and piano playing. We've developed lots of learning games and activities designed to teach kids basic music reading skills and playing techniques, in ways that are fun, engaging, and stimulating. We want our students to stay motivated and continue to <i>want</i> to learn to play music, whether they like <b>Bruno Mars</b> or <b>Beethoven</b>. We have all the music they want. We have music from <b>Stars Wars</b>, <b>Jurassic World</b>, <b>Moana</b>, <b>Coco</b> and lots more. Each participant has his/her own keyboard supplied during the class, along with headphones, and books and other materials are included.</p> <p>This session is for both brand new students AND more advanced students.</p>

<b>SPRING CLASS</b>	
<b>Class name:</b>	TECHVENTURE KIDS: Exploring ROBOTS Junior
<b>Class description:</b>	Curious about robots? In TechVenture's K - 2 Robotics Code Club, we combine robots with coding to ignite children's imaginations & build confidence in how they look at the world and approach problems. We'll explore how to build and program robots using various platforms such as Lego WeDo, Wonder Robots or Ozobots. Students learn AI and how robots are only as smart as they make them, both in physical design and computer code. That's what we practice - making our robots act smart! Students work together as they develop their skills in reasoning, math, creativity and problem-solving in a fun, collaborative and supportive environment.
